

## Arts Organization PPE & Safety Equipment Loans

The Arts Partnership has received a North Dakota Economic Resiliency grant to purchase a range of PPE and other equipment that we will make available to our Partner arts organizations. Our goal in applying for the grant was to make it easier (financially and otherwise) for you to keep staff, volunteers and guests safe at arts events. See the chart on the next page for a list of items and additional information; some items are available to HAVE on a first-come, first-served basis while other items may be borrowed.

Each Partner arts organization may borrow any item or combination of items for a 2-week period, although we will consider longer periods depending on availability.

- If two or more Partner organizations request the same equipment for the same period:
  - Priority will be given to new borrowers

and/or

- the number of items lent out may be adjusted to accommodate more organizations (for example, one organization might get 3 thermometers and the other would get 2).
- Organizations may borrow for more than two weeks, including for multiple consecutive periods. Such use will be granted pending other requests.
  - Extension requests must be made by the end of the first week of the original two-week period.
  - Requests for an initial period longer than two weeks must be made at the outset.

We understand there are many unknowns facing in-person activities, but we would like to encourage you to anticipate future needs and reserve equipment now. This will help us ensure more equitable access. We also ask that organizations make requests for masks by December 15.

[For all other equipment, you can make a request here for any date starting 12/1/2020.](#) We expect to get all equipment delivered by that time. For questions, please contact Danica McDonald at [danica@theartspartnership.net](mailto:danica@theartspartnership.net).

# THE Arts Partnership

Single-Use Items (to HAVE on a first come, first served basis while supplies last)	Dispersal Information
