GENERAL INFORMATION

The Arts Partnership (TAP) helps artists working in any arts discipline with outstanding talent and ability realize their artistic visions, improve their artistic skills and build sustainable careers. TAP does this through a range of programmatic opportunities, including paid opportunities to perform or to exhibit artwork, as well as these grants.

The grants range from \$750 to \$2,500 and support artists, musicians, performers, artisans and writers, creatives and culture bearers working in dance, literature, music, media, theatre, traditional and folk arts and craft, or visual arts and who are at any career stage. We hope that these grants are the rock dropped in a pond, with the ripples extending well beyond the specific project into the artist's future practice.

Applicants are encouraged to present their projects using the same language they would use to build public interest in their work. Our goal is to make grant *making* less about grant *writing and* focus instead on how artists naturally talk about their work. That said, applicants should write with passion about the work they do.

The Arts Partnership hopes that our applicants find value in the grant-writing process, whether or not they receive a grant. Many past applicants have expressed that having to write about a project helped them to fully think it through, creating a more solid foundation upon which to progress. To that end, TAP's Director of Operations Tania Blanich is available to answer questions and to provide feedback on your draft application prior to submission.

Funding for the Individual Arts Partnership Grants comes from individual donors, the Moorhead PEOs and the Erin Koffler Memorial Fund.

ELIGIBILITY

Artists applying for a grant *must*:

- Be at least 18 years of age.
- Have lived and/or worked in Cass County, ND or Clay County, MN for a minimum of 6 months. Note: If you do not currently live and/or work in Cass or Clay Counties, you must be a Primary Arts Partner in good standing and live within a 60-mile radius of the Metro.
- Submit a complete and accurate application online, including all supporting documents and work samples.

Artists applying for a grant *may*:

- Be part of an established, on-going collaborative group (usually working under a group name).
- Be proposing a one-time or short-term collaborative project with another artist or artists. Note: TAP defines "collaborator" as someone considered a co-owner/co-creator of the project, not someone who provides services on a "work for hire" basis.

Who Should Apply?

These grants are for artists who think bigger and differently about how they create art. What is your big dream for the future of your art and its dissemination in the world? What are you doing now to work towards that dream?

Questions?

Applicants are encouraged to contact TAP early in the application process with any questions.

Additionally, TAP's Director of Operations will provide feedback on a draft application up until one week prior to the application deadline.

Artists are *not* eligible to apply if they:

- Have received two Individual Arts Partnership grants in the past three years.
- Are an individual whose primary focus is not the creation of art (in the broadest sense of the term).
- Are currently a full-time student in undergraduate degree-granting program or its equivalent; full-time students in a master's degree program *may* apply.
- Are applying on behalf of a group of artists (i.e. acting ensemble, literary group, etc.), except for smaller musical groups or ensembles, such as a rock band or wind quartet, not large, established groups, such as an orchestra or concert band.
- Have an outstanding final report due to TAP from any previous grant round.
- Have not submitted a complete and accurate application providing all requested information.
- Are a current employee of TAP.

*Please note: Individual members of a collaborative proposal **may not** apply separately as an individual artist in the same application round.*

Eligible grant requests *may* include:

- Training – costs to attend a workshop or master class to develop artistic, business or marketing skills.
- Creative Process, Production or Presentation – costs involved in the preparation for and/or implementation of an exhibit, a performance, or a tangible artistic product, such as a book or record album.
- Supplies – for the creation or production of new work
- Equipment – purchase of specific equipment needed to further the artist's career development.
- Services – rental of facilities for the creation or presentation of new work, including studio or rehearsal space.

Proposed projects should be focused and/or based in the Metro area. However, if you are applying to pursue artistic opportunities in another city (for example, for an art exhibit or recording opportunity), talk about how the opportunity will benefit your artistic practice beyond what you could experience in the Metro and how you'll share that experience with the community.

Ineligible grant requests are:

- Projects whose main purpose is educational, such as development of curriculum plans, teaching materials or teaching programs, or tuition, fees or work toward any degree.
- Projects that are meant primarily to enable other artists to exhibit or present their work, and do not otherwise further the work of the individual artist submitting the application.
- Living or travel costs that are intended to provide experiences and not artistic growth, product and/or output.
- Payment of expenses incurred before the grant request is approved.

Any applicants or applications determined to be ineligible for any reason will be eliminated from the review process. Ineligible applicants will be notified within five business days of the application submission.

GRANT REVIEW PROCESS AND CRITERIA

The grant review panel for the Individual Arts Partnership grants consists of arts professionals and advocates from the region. TAP observes strict procedures to avoid any conflict of interest. Each panel

member reviews the on-line application submissions, including the artist work samples. The Panelists use the following criteria to assess all applications:

- Artistic accomplishment and promise, as demonstrated by examples of past and/or present work.
- Project concept that is clearly thought through and presents a compelling argument for how the project will enhance the artist’s overall artistic goals.
- Impact, as defined by the positive effect of the project on the artist’s career and future directions.
- Capacity, as defined by the ability to execute the project as proposed.

The Review Criteria and Scoring Rubric can be found at <https://theartspartnership.net/arts-hub/grants-and-funding/> once the application portal opens. Panelists score applicants in each criterion; those scores are averaged, providing a highest possible total score of 40. Applications are ranked in order from high to low score. Grants are awarded according to the applicant’s rank. If two or more applications receive identical rankings, the panelists will rank those applications to determine priority.

Applications receiving a score of 25 or less are not considered for funding. The overall ranking determines the priority of funding and whether the proposal will receive full or partial funding, if any. *It is not a given that full funding will be awarded.*

GRANT PERIOD

The grant period is for 12 months, beginning no earlier than April 1, 2023 and concluding by March 31, 2024.

NOTIFICATION, CONTRACT, PAYMENT AND REPORTING

After the TAP Board has approved the grant recommendations made by the Grant Review Panel, applicants will receive an email notification regarding whether or not the application has been funded. Notification typically occurs within 30 days of the application deadline. If the application is not approved, you may contact TAP staff to receive feedback.

If awarded a grant, the applicant must sign a formal grant agreement, which will include detailed information about funding distribution, reporting requirements and publicity and recognition of support.

Tips for Writing a Good Application

- Tell a story: Why this project? Why now? What will change as a result?
- Less is more – avoid the kitchen sink strategy.
- Use plain language – no jargon or buzzwords.
- Remember: good writing involves using complete sentences, correct grammar and effective, compelling word choices – and no typos.
- Ask someone to proof for clarity and typos.
- Select work samples that provide a clear understanding of your artistic capabilities and help the panelists visualize your project.
